i am still getting runtime errors (no crashdumps) in beta 4 while starting the game by the launcher.  
dll files:

<http://www.mediafire.com/?bvq4nlb99ebxr2x>

in case i am wrong and beta 4 is not what i am running, this is the version that displays in the menu:  
TT/4.00.4650!4691-20120324
