of course not, and at no point has anyone tried to make such a statement

why would a player that probably hasn't been exposed to small games be able to beat a player that obsessed over and practiced literally hundreds of small games? it's like putting some guy that wins a lot of bar fights against some UFC fighter in a cage match

i quite seriously doubt cw.cc would play casually in any organized match, but your opinion can differ from my own

the thing that was being contested was Hitman saying "Players are not good at anything unless they have played clanwars"

even simpee said the opposite of you hitman, but i have a feeling you'll say the same exact shit again in the future as you have so many times in the past
