Aircraftkiller wrote on Mon, 30 April 2012 07:47 That Mammoth is way too far from your source material, and its geometry looks rather lackluster.

The models were already completed. They were going to be used in the mod C4Commando, but it died, and Darkkanex generously gave his models to us. I do agree that the mammoth tank is a bit off, with his permission i'll see if one of our guys cant touch it up a bit.
