But yet you came here to make this post with a lot of grammatical errors.

You just missed the massive run-on sentence he posted.

I didn't LOL. You should start "grading" his posts. I'd find that very humorous.

Anyway, I went into NS to play. Found that joe was ingame. Only thing I had about him was the fact that people would complain to him about cheating, and instead of handling it, (me in this case) he would just tell them to post on the forums.

Someone complained about me with SBH reveal or some shit, and he just told the guy that he was playing and I was using 4.0; if he had problems to post on forums.

Secondly, i don't give two fucks about st0rm. Never have, never will (as much as i love reading the beef and feel free to continue).

TankClash, i respect your opinion greatly but you are not seeing it from both sides of the spectrum. i am generally polite in game and never attempt to make any issues with folks in game. I am not just defending myself from this abuse but defending others who are seeing this abuse first hand too. If you read the replies in the topic you will see that the majority of replies back me up on my claims.

Still remember "the incident" with st0rm. I loved that shit lol. Now, with what went down with st0rm, I can't help but to lmao.
