1. Trying to head a crusade against Exodus, when he wasnt even remotely involved in any of the split-off, simply trying to lick ns admin's arse
2. Trying to head a crusade against cheaters, cheating himself
3. Leaving quickly like a little coward, without a word, when getting caught
4. Coming back, receiving nothing but contempt from anybody he encounters, still stays
5. Goes on doing what he was always doing, licking ns admin arse and not even having an opinion of his own

I think azazel is genuinely the most pathetic person I have ever seen in the renegade community, and that's saying a lot since there are a lot of people in this game who are full-blown psychopaths, including people who drive around a country with a video threatening others over forum comments, child predators and people who want to meet up with mods for sex to get unbanned

Azazel is a nobody, whatever anyone he tries to suck up says, he echoes.

Pathetic.
