You know as well as I do that by linking here from there, this is what will happen:

I'll be called an idiot. Oh, no!

Whitetrashywood will continue to deny that he has socialization issues on the Internet.

Having said that, Whitetrashywood will then say "BUT LOL U R TEH TROL" - which ignores the fact that I don't come here to make friends, nor do I care about what washed up money fighters think about me.

Also, you'll probably take heat for having posted here with what you said. You're painting a target on your back. Now they'll see you as the guy who wants to prevent their good-old-internet-boy network from continuing to harass people unopposed.

/Also, tell that Raapnaap guy to message me here or on Facebook or something

//I have some suggestions that would help his newest map run a lot better
