You know what I'm gonna end this here with this last post.

1 I don't care what the beta 1 says.
2 I don't care what you have to say anymore
3 I was just trying to say it was weird that it worked with return false in the BETA 4 SOURCE, and I had to change it in beta 5, witch was no big deal.

now you can go troll someone else.

and next time maybe READ THE FUCKING POSTS BEFORE YOU POST.
