Xpert wrote on Tue, 12 June 2012 14:17Just edit the source code and put a space at the end of the prefix like "_BEACON " and "_BUILDING ". Hell, I can even reupload beta 5 SSGM if it's that big of a deal, with all of the prefixes spaced out.

I'd appreciate if you could

I'm beyond useless with this stuff. Besides the [BEACON] messages not working, the [GENERAL] stuff doesn't work either..
