did you say the same thing to Hearts, as you jerked off to hi...i mean, her picture the girl that formerly had a penis but still had an adam's apple

You probably just heard about the picture, there was a lot more hilarious things that happened with that. I bet you didn't even hear about how I professed my undying love for him/her.

maybe ACK cannot fathom how or why something he cared about at one point has turned into what it has

i'm quite certain i'd be bothered by it if it were me

perhaps it doesn't bother him at all, and he just thinks it's hysterical

I bet you have never even talked to Wallywood. Hell, I bet you don't even play APB. Perhaps if you did either of these things, the posts you have been making would actually mean something.

In fact the best part about AircraftKiller posting here is that most people here don't give two shits about the mods. I bet most people don't even know the staff over there.

But hey, keep parroting each other based on a few cherry picked posts. I find it amusing.

There we're no actions done to make them leave. Those people your talking about we're whiners, trouble makers and used exploits in PVP areas. No big lost at all, having those three or four gone. Also I think diablo 3 is another big reason.

I like the second post more, it makes me want to be a better person.

Yeah, I mean you got fired from MP-Gaming. How stupid do you have to be to make that happen.

Oh wait, you just have to be a terrible renegade moderator, destroy the Teamspeak before getting fired, then follow it up by ddosing that same server that "you cared so much about".

Glad to see some initiative on your part to become a better you.

Keep it up, champ.
