You keep right on running defense for the guy who's major accomplishments are (but not limited to): being a troll on your forums, pointsfix, wanting GDI/Nod evenly matched (Mammy's on Nod? FUCK YEAH), and last but not least is leaving you by the wayside.

tell me this shaitard - what do i stand to gain by meeting you in ft. lauderdale?

Port Charlotte is a decent spot, Tice is closer to half way. The upside is that both have a CVS right there. You know, in case you need to refill your medication or something.
