A. What are YOUR major accomplishments here shaitan?

B. I'm pretty sure liquid is fucking ripped and would beat me to a pulp, and I assume that includes you too shaitan (unless you're secretly a cage fighter)

A. According to you guys I'm a ReneGod, remember? God's don't need "accomplishments".

B. Where oh where did I mention in this thread that I'm going to DO anything to liquid in person?

Oh, that's right, I never did. You guys said it. liquidv2 wrote on Mon, 09 July 2012 13:47

i take vitamin D

i can get that at any grocery store - i don't need a pharmacy

while we're there, perhaps we can describe your mental condition to the pharmacist

he may or may not think your mental state could benefit from some medication - i bet \$100 on it, actually

Predictable. If I would have had the time this morning I'd have written my last line out for you.

P.S. You're still a punk bitch.
