It looks like the 3/4th of an inch to one inch pins are our best bet for price.

/I sent off for a quote on the GDI pin. I'll find out what the Nod pin will cost. Should be roughly the same, if not identical.

//We'd need to raise about \$275 per logo, unless I can get them to make two sets of 50 for the \$275 it would cost to make 100 of one pin.
