I'm not a fan of DJ, but at least he isn't throwing out that shallow "I'M ALWAYS NICE BUDDY BEARS ALWAYS GET ALONG" fake personality that "wyld1usa" uses to try and gain favor for himself.

They're both annoying in different ways. I'd actually say that I find DJ somewhat more tolerable because he's being hated for his own faults, where "wyld1usa" just pretends that he's this great guy that everyone falls head over heels for.
