I was pretty sure it was Tiesto that did it at first. RGCT comes to mind, not even including the other community wars between Exodus and whatever.

And oh i'm sorry, my efforts to bring my community and the whole of renegade together for some organised matches weren't to your tastes, so that makes me a nerd?

What kind of pathetic person are you?

You're just mad that RC has a great player count while exodus is what dead?

At the time I took that ss I didn't know Jelly was down, I just thought it was funny that they had zero players.
