oh you mean respected with in jelly only ? as for the rest of us respecting you . welll hmmm no comment

you mods dont get it .do you ?

you are treated as a buddy wilst a mod or admin

you think you have respect as a mod or admin

you think the people in game or other mod's respect you

I have seen this over and over once you take away that bit of power you have over guys in the server you are nothing all respect is gone and people soon say what they realy thought or think of you.

you will see take away your position and your nothing and people can realy say what they alwa7ys wanted to say to you. without fear your gona ban them ...

it has always given me hours of fun to see the fear. some guys have about being banned in a game server.
