poor little shiton

no life

lives still at home with mommy

has no gf and looks like he never had one

works at super lube walmart dead end job for life

not sure if he drives but if he do,s it will be some low budgget car

not gifted with looks or a good body[man boobs] and a hitler style hair cut .

only place he feel important or any one listens to him is in a old computer game.

has no other real hobbies or intrests leaves work and gets streight back to the computer game every day and every night for 10 years.

we should pittty the guy I think the only real fun time he has it visiting the old war museum with some very un attractive female
