and when they could not ask servers to ban me or had mods there to help them . shiton came up with the fake MDK cheating video and some servers banned me on that alone.

not at 1:19 they type put MDK as the reson. then they shared this fraps all over.

You must be new to Renegade moderating, sir. When we kick/ban a player, we have a "reason" in there for log searching. Here's a nice example you may look at: !kickban MDK@England@Dumbass

I do like that photoshop account you have, it's pretty fucking creepy to know that Eike and myself are on there. You seem to have a huge fixation on us.

I did send them an email requesting those be taken down. While I did that, I noticed the one that you screenshoted of my 'About Joel' Facebook page. You might want to read that again. You owe me \$10,000,000 USD now you wanker, for violating that. Give me my money you crackwhore!

Lemme guess, I photoshopped a picture onto your account? Haha...Iran #2.
