I agree Ethenal. The guy was not what he professed. He has a dangerous obsession as evidenced by a public photo book with over 200 pictures that isolate the subject(s) of his obsession. Someone with a full life wouldn't have the time to just compile the photo book much less complete the 20+ posts a day on each forums he trolls.

He is most likely a disabled (Mentally included) person with a good internet connection that, as Liquid referenced, needs meds and who's life revolves around Renegade. (Not the Game)

He added an even more increased level of troll irritation on these forums. We are truly better without him.
