Imfao shaitan gets hit with evidence of him actually saying he would take servers offline, while attacking iran for doing nothing but radio flooding servers - and then claims that everyone else is a troll for slapping him in the face with evidence

What evidence. Do you have some? Show it. Oh right, you have nothing...other than what I, myself, have stated.

BlaBla is pretty apt, DJ.

I have nothing... other than what you yourself said? How is it not evidence that YOU said that YOU were going to flood servers, that's straight from the horse's mouth! Sheesh, logic
