I don't think any of the idiots that approve of Obamacare understand how it works .. LMFAO.

My parents own a company and would be required to pay for insurance for all their employees, taxes would be raised astoundingly, and every person in the USA would be required to pay for health insurance. It's not as great as you out of country people seem to believe it is .. ? I know if my parents are supposed to pay for everyone in their company in this shit ass economy they might as well declare bankruptcy right now. Did I mention that almost no insurance providers would cover the costs of their patients anymore and they would lose all business? Anyone that works in a healthcare profession is royally fucked if Obamacare passes. Fuck Obama, worst thing to ever happen to the working people of this country.

The amount of uninformed / retarded Obama supporters is astounding, atleast all those minorities that don't understand anything and are extremely poor got their votes in! Good thing Obama made sure that the military absentee ballots that would have swayed the vote in Romney's favor arrived late as well and weren't counted. Good job.

I'm Mitt Romney and I approve this uh er its legislation right?

Romnesia!
