A couple of things:

- 1) your intro is both short and long. Usually intro's are at least 45 seconds before the track really start. Your intro is pretty static for about 40 seconds. A little more build-up would be nice.
 - 2) You try to mix in some bits that seems to be off, like the your house and my house. It's an iconic line, but you're not finishing it.
 - 3) Where do you want to go with this track? As it seems that you try to mix styles a bit during the track. Personally, I think this is not a success in this case.
