Also: Who remembers a1g's (A1Game) server? I read that they were found to be a bunch of cheaters running a server later on, not to mention the fact that they didn't like swearing in their games lol

are you serious lol of course they cheated it was fucking obvious. you'd have to be a retard to not figure it out anytime you played in there they all abused *cheat name removed* why do you think they intentionally made it 4v12. that sunami3 kid was the fucking worst one, blowing up your tank with his pistol and shit when you weren't paying attention.
