NewMaps Marathon Weekend
The Weekend of March 1st-3rd we will increase the maximum player count to 75 players
temporarily and the Time Limit will be set to 0 (infinite) as per Marathon rules.
In the past there used to be servers with 127 players full lol which was AWESOME! We hope to
achieve a full server @ 75 this Weekend Event which will be great too.

When?
Friday the 1st of March till Monday morning the 4th of March 2013.

TT 4.0 Update is Required
The Tiberian Technologies Update 4.0 for Renegade is required to play on the server.
You can download it on their official website if you do not already have it.
It adds lots of extra's, anti-cheat and a ingame automatic map-downloader, awesome stuff!

Active Server Plugins
Of course the server will run our own mpf_newmaps.dll plugin which adds additional functionality
to the server such as Veterancy and Special Power-ups.
Other plugins running on the server are for example the Team Donate and Infinite Ammo.
For a full list of modifications and adjustments please visit our Website. (changelog)

Mappack is Available
You could download our Mappack before joining the server. This ensures you have all the maps
already.
Then you will not experience any ingame download dialogs which may take long if you have a
slow(er) connection.
All you do is click Next, Next, wait for it to install the maps and then you're done and ready to join.

Thanks
Thanks people for reading this and maybe joining up this upcoming Friday the 1st of March.
Please feel free to spread this news around a bit to attract more people and let's see if we can
have some fun the Weekend it lasts.
