A1TNGs with Ti37x2s was probably my favorite server back before everyone and their mom cheated.

OWO Cops and Robbers was baller status.

Swami's Flying Circus

Cash's Sniper Server

CASH and CASHsGIRL were cool people. (No Dedi though so most people bought flame tanks half way through the game and acted retarded lol)

XpHaZe Infantry Only

PyroServ Crazy CTF

Jelly

NoN00bs

Ren-Archive

Ren Masters

LT Roush and FnFall

McDonalds or whatever Roni ran was fun even though he always kicked me for raping him before enough players joined or whatever.
