The two servers that are actually still running?

And DJ, what is your problem with Jelly? Most of the players there are nice. Did something happen?

It has nothing to do with serv vs. serv. I dont have a beef with Jelly or a Problem, never had afaik. Its just a fact that the concentration of Trolls & tards is the highest there, if we break it down to the number of players still playing. The majority of the Players dont even care bout whats going on in this forums here, its just the same bunch of ppl as usual. And i do agree, as far as i remember the Players were ok when i played.
