lol I usually can't stand Iran but I agree with him on this he should not have got banned for being good, I have played him he is very good. Dj I use to hate this guy so bad but you actually talk to him and get to know him he is way cool. Anthrax I didn't know we had beef? I took your side against spoony even though me and spoony actually got along pretty well but I guess in your eyes I am someone who shouldn't be around.

lol just mad cause you can't play in any other server other than the one you are always in... have fun dude making your skins and wallpapers

As for this little fuck, who gets so mad enough to ban someone for people liking his skins and maps more than his, I don't care about mpf nor do I care about you, I just went to mpf to show off my work not to become someone there. And I am fine at RenCorner where I am admin just like you are at mpf, but don't worry I won't ban someone for having better huds, skins, and shit.
