escelade3 wrote on Thu, 16 May 2013 17:28 I'm looking for a Nod War Factory model for RenX. I know that there is one out there for 3ds max but wasn't sure if there is a RenX version. If anyone knows where one is posted or has one could they point me in the right direction?

Sure it isn't just a retexture of the GDI one, in which case you'd just need the textures and to re-export the w3d.
