there r 2 names electrocaseal and dreamcaseal because i am very good hacking servers and to be good hacker one must have at least 2 names to bypass servers and not be tracked easily if u weren't skript kiddy youd all know this!

my vpn lets me have multiple names and i cant be tracked and theyre too retard to know

i have problem with authority and am very good trolling ppl with authority because authority makes people do bad things like banning me for mass emailing ppl in Rebarn server I was only informing them of how bad the people with authority are by mass emailing them porn
