shaitan wrote on Sun, 02 June 2013 13:11it gets better, did you read the part where \*removed by admin\*? No wonder why she raged back then at him. I didn't even notice that bit when he said it, and didn't notice it until OSTKBacon just pointed it out to me.

Just had to point this one out -

- 1) Neither you or Bacon were there
- 2) A couple of us (including Trojan) were on Skype and we were all rating how sexy we were, laughing about it, etc - Sarah was on for about 12 hours or some shit like that and ended up not going to sleep while having to go to work which she was late for because she never left skype, irresponsible and I ridiculed her for it, which got her mad and then told everyone "i hit on her sister" - I jokingly said \*removed by admin\*
- 3) Bacon calling me a pedophile? He fucking sent Bubbles a cake (in real life). Bacon is from UK, Bubbles is from TX. If i'm a pedophile then I might as well kill myself because there isn't a word in the dictionary to describe how big of a fucking dumbfuck you are.

Go grow a pair of balls and meet me at that CVS bro
