By the way, I love how you're saying it's untrue, when some of those logs were in the public channels. LOL

Post your Paypal history for this year Animo. Post the bits where Trojan would pay 100% of it all and you would keep the players donations that came to your own paypal account.

I made the forum, I bought the skin, I bought the license years ago when I was 12 years old, even Hawk can confirm that. It isn't licensed to anyone but me you dumbfuck.

I don't have anything else to prove. That PayPal was my personal paypal, my business paypal, and the RC donation's paypal. I'd be damned if I sent you any sort of information - you can go fuck yourself.

Why in the world would Trojan agree to paying 100% of the bills meanwhile I manage the donations? I thought that we thought he was smarter than that?
