Trojan/Volcom had to pay for the servers every time. From that you can see how bad of a owner Animoski really is. I am really disappointed from this. I've donated a lot and none of my donations were actually used for RenCorner. This makes me sad yet mad at the same time.

What my brother said. I don't know Animoski but what I've read here in this topic is crazy. This is a big disgrace to the community.
