Subject: Re: Servers missing on RR
Posted by noobihg on Mon, 24 Jun 2013 08:53:51 GMT

This direct connecting line should be usefull with a list of official servers IP`s:Port`s.

I normaly play on Jelly Marathon server, but other servers IP`s could become handy.

Probably this direct connecting command would become more usefull if added to the FAQ as too many of us don`t know how to use it (i didn`t knew until yesterday, while chatting with someone on the IRC channel).

Greetings, Cristian.
