I don't think I've ever seen such ignorance.

Watchmen holds a 7.6 on IMDB four years after it's release, you can't say it isn't a good movie. It's so loyal to the comic too (apart from the lack of a squid, which was probably the only dumb part of the comics), it really is a triumph!

I see no problem in repealing the 22nd amendment. Watchmen 2 would doubtlessly be amazing.
