And holy shit, I'm simultaneously scared and amused at how depraved MDK is. The guy spends his life cataloging people online. I'm glad I don't live in the UK, I might find myself in the woods after he rapes me in the ass and cuts my head off

If someone knows where he lives in the UK, or what his real name is, be sure to report him to the local police. He's got some kind of mental disorder and it's only a matter of time before he kills someone
