(1) This ban was 5 months ago. Why discuss now? Iran you that bored or can't find a ban like yours since you were ban so you have to go backwards in time? eh hh Enjoy!

(2) The Player NEVER posted to contest to state his case. Says a lot about guilt. Most innocents post immediately. So the player didn't care so why should anyone else? Had he posted maybe he would have been unban.

(3) Too funny I didn't even reply in that thread but ACK you but yet bring me up (again). Your continued obvious obsession (jealousy?) with me seems to be ripping you apart based on how much you bring me up. Do you like drool or spit at your screen when you post about me? You must really be abused in real life or just have a shitty life to act like you do on these forums. Truly pitiful m8.

Come on big alpha male what you got to say now? Maybe a cool ACK picture or snappy reply that your 2 or 3 fans can masturbate over??? lol
