Sorry dont know you, so i dont really care about your opinion - no hard feelings

Xpert Please, you were running it before the ban. Even now you still blow smoke up people's asses.

Weve been over this before, dont feel like doing it again. You have your opinion and i can respect that.

liquidv2 i actually spoke to him years ago about how i knew he wasn't legitimate pretty much a dead giveaway: he left Jelly and went to st0rm, and somehow got much better at Renegade

Sorry man, cant remember that, nor do i care tbh. but if thats what you believe i can live with that.

I will leave now, ren has taken too much of my life already. I have better things to do. All i can say is: i hope you all the best in the future, we may not have got along but i hold no grudges.

I hope Jelly and the other servers can still keep ren going for another 10 years. Ill check in a few years

Peace guys
