iRANian wrote on Sat, 18 January 2014 22:07 Exactly so I can't just join a game and figure out the issue and who's at fault. I need to investigate and check things out myself. Very tedious stuff. Like people using cheat maps LO!L

But then again there's an actual player base and not a team of dripping retards trying to janitor things.

But seriously...get a life no one cares
