Umm, am I supposed to respond? If we banned you from the forums do you really think that we meant for you to post on RenForums as your "bans section" topic? No, I'm pretty sure that implied we don't care about your response, you're banned, end of.

At this point this is more entertainment than anything. If you posted this on our forums we could have spared you the indignity and locked it, but you chose RF. Your loss!

I would also love an example of my supposed power trip, but it has to actually have been recently, because I don't remember all these obscure incidents from years ago like you do!
