Wasn't trying to make you look bad .. just point out how hypocritical Jelly is being once again. Run an entire community based on butt hurt of a few mods ..

I can already imagine the mod topic

Xpert: "derp im xpert i had issues with him at DI, he's capable of making me so angry i hacked his facebook and tried to ruin his life outside of the computer because he ruined mine which is the computer - that boy anthrax will never change!!"

Ethenal: "I try to pretend that I'm mature on the forums so I'm going to act like I'm taking a neutral stance and weighing all the evidence even though I run the majority of my community based on who I do and do not like."

liquid: "I'm Charlie and I type in blue text in an attempt to be unique, my word goes no matter what. I understand that I haven't been around in the past four years but all executive decisions should be made by me. No one on the mod team takes me seriously and talks about me behind my back all the time publicly but jelly-server is the only position of power I've ever held in life. ALSO ANYTHING ANTHRAX SAYS IS A LIE BY DEFAULT BECAUSE HES A COMPULSIVE LIAR AND EVERYTHING I SAY GOES!!"

Scruffy: "I don't care about this do what you want."

raven: "I'm drunk"

crypt: "I vaguely remember having a conversation like a year ago with anthrax about behaving but I'm never around either, though I will weigh in."

andy1996c: "What did he do this time?"

FlaminGunz: "Wait I'm still a mod here? Oh that looks kind of mean but I've said worse myself ingame."

Jelly: "This community is still called Jelly Games? I almost forgot this crap existed. Well I have to pretend I still pay attention to this place and for some reason I put liquid in charge .. I'll just take his opinion on the matter, that seems to workout!"

Tanker: "yeah he's a douche but you guys have known for a long time"

appshot: "shit no more laker haters this place is kinda boring"

Manuel: "i pretend to be anthrax's friend but i will toss him under the bus any chance i can get"

Every other mod that isn't active but still weighed in: "meh"

How close was I to being correct?
