Notice anything about that post? (this is from the banned from Jelly thread)

How about that you replied to your own post? Nobody actually answered your post, you just said that short sentence, out of nowhere, ostensibly to claim that you heard liquid say that in Teamspeak.

Naturally, you didn't hear liquid say that in teamspeak. I gathered from your post before that that you were obviously reading our mod forum, so I said something in the forum, and then you made that post. Tanker probably said "hey Jesse, I'm trying to help you out, stop throwing me under the fucking bus!" and then you're like "OH OK LOL I'LL JUST TELL THEM I HEARD IT ON TEAMSPEAK." Yeah, sorry, didn't work, you god damn sociopath.

Our logs show someone logged into Tanker's forum account on a proxy at the exact same time as you were logged into RenForums. Ironically, you probably didn't use a proxy until I said "Jesse's too fucking stupid to use a proxy" in the mod forum, at which point, you did. And even though I didn't think about it at the time, the proxy is what made it obvious!

Also, there were only two people that voted to not ban you permanently, and since tanker got removed now there's only one... guess we'll see you around... not!

P.S. If you're going to lie, at least correlate your story with your accomplice. Tanker admitted to letting you look at his forum account, lol.
