I'm not hating on Kaskins specifically lol, but I've seen that model OWA pointed out and I also know for a fact the Medical Center you guys have was originally ripped from ACK (who most of you hate on) with absolutely no credit whatsoever. They even brushed it off as nothing when ACK called them out on it.

You can say "pitchfork attitude" or whatever, I'm just saying don't steal people's shit!

(that being said, I think Kaskin's stuff is mostly made by him)
