The Ford family has a long history of connections with drugs, violence, and crime. To have them running Canada's largest city is a disgrace.

The guy lied repeatedly to the public and police about being addicted to crack, and when finally caught, he tried to play it off as a joke. Ridiculous.

Here's a little info on the merry gang.

His brother's history of drug dealing:

Rob going crazy, uttering death threats...maybe on crack?

Some info about his driver, drug dealer and hitman, Sandro Lisi:

The same guy he sent to intimidate and assault the Somali gang members who filmed him the first time:

One of whom was later stabbed in prison:

There's so much more information than this available on the Fords, much uglier too.

Whoever filmed this new video had better watch their back. The Ford crime family doesn't fuck around. His mayoralty isn't a big joke, Ford and his associates are in deep with gangs and hard drugs- not the kind of guy who should be running Canada's most recognizable city.
