There's no hate like rich kids hating on other people because they think they're on welfare. I just called Obama on my Obamaphone after I stole some more money from your mom and dad. He mentioned that it was pretty amazing that you could say "LOL WELFARE" with a straight face after popping out of a silver-lined vag and never having to really work for a living.

Call us when you make 500k/year and aren't sponging off your parents, which is just a different way of saying that your parents are socializing you while they socialize my socialized Obamacard and my socialized Obamacare because he's obviously the biggest socializer whoever socialized in a socialization solicitation. g?G
