kickmofo kicked him for "moderator disrespect" (albeit some horribly misspelled variation of that), that's what I was referring to.

I don't know if RenDeploy is an Ultra server or not, I just saw he had his own unique tag, and there's additionally one for RenDeploy Server Admins, which would heavily imply it's somehow part of Ultra. Also in their "parody" video or whatever they mentioned stallion and dblaney1 as trying to develop for Ultra, maybe they lied, I don't know!
