But what about the good side of FUD, you know? Piro, Javafx...Etc...

Myself, along with the core members of FUD(Priest, Java, Task, probably Mak) are going to Halo when it comes out in a week's time.

w00t see you there! lmao i get to keep argueing with java on a new game wo0t

Are you guys actually going to be a real clan on halo or are you going to do what you did on renegade and only play regular servers?
