SSGM plugin that allows you to donate or team-donate. You Can use partial nicknames with !donate/!d, and !teamdonate/!td requires you always put in an amount.

I wanted a simple ssgm only donate plugin and I couldn't find one.

[Plugins] 00=BanSystem.dll 01=Mute.dll 02=Donate.dll

## [Donate]

: The donate/teamdonate wait time is set in minutes. WaitTime=3
