5) Stop telling me to learn how to model and texture. I am dedicating the majority of my time to my college studies. My future medical career is far more important to me than this project.

Then stop working on it and dump it you fucking delusional retard. For someone who studies for something in the medical area, you lack fucking common sense.

Hate to burst your bubble, but a lot of doctors lack tons of common sense; hell sometimes they can't even read a chart and see that you already had an MRI or whatever for the issue your coming in for.
