t1000n1The most recent site I had shut down was <http://unknowncheats.homeip.net/> -- I reported them to DynDNS and they informed me that "This user's accounts have been terminated for their violations of our AUP."

Hey crimson, heres the real homepage of the unknowncheats and its still up and running *bleh
*.....shut it down too if ya could plz.

Thanks for posting the URL... :rolleyes:
