do you have a spare \$10,000 I can borrow to purchase those sweet and most definitely accurately  
priced Renegade toys?

doing great, buddy! Gonna plan to play some Renegade this weekend after many months.

I wish I am that rich but if I do have that I would give it to you rightaway! I sent a message to that  
\$3000 dick monkey last year. It's been half a year and he's still not getting any offers. He did tell  
me he will let go all 3 for \$1000. If that helps. Still high and I would buy a rifle with that money  
instead as Hillary the gun grabber is gonna ban 2nd Amendment.

He will never get those sold. The \$2500 dick monkey is just copying the prices.

This happens all the time in the collector world:

One greedy douche completely spoils the market in the pricing war. Other sellers copy this  
inflated price. The result is the market for those collectibles stagnates, the items never move, and  
honest sellers with realistic prices would hesitate to list their items.
