Aircraftkiller--oo00o00oo--AircraftkillerThe only problem with it is that it sucks ass.
lol aircrap, it cant be any worse than the red alert mod. so you shouldnt talk shit on people

I've made my case about why Reborn sucks ass, so many times... At least we let people play our modification, we don't make up excuses, and we patch it.

FYI, patch coming tomorrow.

Tell us again why rebron sucks ass my theory is that the people at reborn wouldnt let you have anything to do with the mod which is probably why you dispise it so much !!!
